VADO

WELCOME TO THE VADO WAY.

As specialists in bathroom brassware, **VADO** are proud to have over 30 years' experience in designing and developing products that are built to last. From our home in deepest Somerset, England, our engineering team ensure we use only the finest materials and components in our products, so whichever range you choose, outstanding quality comes as standard.

At **VADO** we are passionate about protecting the environment for future generations and we have a renowned reputation for developing products that deliver the best possible user experience whilst using water and energy sustainably. Not only do our products care for the planet, but we are also reducing our footprint across other areas of our business:

That is why this brochure is printed on 100% certified FSC paper, using materials that have been sourced from responsibly managed forests and comply with the highest social and environmental standards.

We have also partnered with the World Land Trust's Carbon Balanced Paper programme, which will offset any emissions produced whilst making this brochure. Our donation will help protect threatened habitats, that would otherwise been destroyed.

In addition, we are working towards plastic free product packaging; we are making great progress and are committed to all packaging for **VADO** products being fully recyclable by 2025.

THE PERFECT CHOICE FOR YOUR HOME.

BRASSWARE IS OUR SPECIALITY.

At **VADO** we believe in turning the ordinary into the extraordinary. Our products are beautifully designed for those looking to make a statement with their brassware and expertly engineered to keep up with the demands of modern bathroom living.

Our carefully curated portfolio ensures we have a collection to suit everyone's tastes; from traditional choices right through to contemporary, with a range of finishes inspired by trends, but always remaining timeless in design.

In addition, we are leading the way in new bathroom technology, whilst **providing innovative solutions to water and energy sustainability.**

†

CHOOSING YOUR SHOWER

This collection of one code thermostatic shower packages allows for easy selection, taking the hassle out of choosing a shower. Our wide range of products offer a variety of functions and features perfectly suited to your needs, including:

- Large choice of contemporary and traditional styles
- Concealed and exposed shower options
- Thermostatic systems for safety and ease of use
- Shower columns for an easy-to-install complete system
- Multi-function handsets to personalise each showering experience
- Large choice of single or multiple outlet products
- Concealed valves include fittings for both 1/2" and 3/4" pipework

All of our products are designed to be compatible with standard shower enclosures and baths and work in conjunction with all household plumbing systems.

THE RIGHT SHOWER FOR YOUR SYSTEM.

In order to choose a showering product that will work at its optimum performance to deliver the experience you expect, simply identify the type of plumbing system that is installed in your home and contact your plumber to check your pressure(s).

SYSTEM 1

If your system is gravity fed, you will typically find a hot water cylinder in the airing cupboard and a cold water tank in the loft.

If you are running this system without a pump you can choose any shower with the **LP** symbol.

SYSTEM 2

Combination boilers, usually located in the kitchen, instantly heat mains fed cold water and therefore do not require storage tanks.

For this system, you can choose any shower with the **MP** symbol.

Shower systems suitable for gravity fed installations can also be used with combination boilers.

SYSTEM 3

If your system is an unvented cylinder, a hot water cylinder will usually be located in the airing cupboard with a pressure vessel on top.

For this system, you can choose any shower with the **HP** symbol.

Shower systems suitable for gravity fed and combi boilers can also be used on a high pressure system.

SYSTEM 4

For this system, a booster pump will draw water from a hot water cylinder in the airing cupboard and a cold water tank in the loft.

For this system, you can choose any shower with the **HP** symbol.

For gravity fed systems the booster pump will enhance water pressure.

†

1. GRAVITY **LP**

Low Pressure, 0.2 - 0.5 bar

2. COMBI **MP**

Medium Pressure, 1 - 1.5 bar

3. PRESSURISED **HP**

High Pressure, 3.0 bar

4. PUMPED **HP**

High Pressure, 3.0 bar

EVERY DROP MATTERS.

In addition to our water and energy saving product offering, we have some more helpful hints and tips to help you start your journey to a water-smart life.

MAKE YOUR DREAM BATHROOM A REALITY.

Our hand-selected **VADO** independent retailers are ready to help you **begin your water smart journey**.

We carefully select and train all of our **VADO** independent retailers to ensure you have the best experience when selecting your perfect bathroom.

Our stockists will not only help you to choose the right **VADO** taps and showering products to deliver you a great experience day in day out, they will also guide you in choosing the best coordinating sanitaryware and tiling options to create your dream bathroom.

STEP 1

Choose from one of our many bathroom brassware collections. We have a wide variety of styles to suit individual tastes.

STEP 2

Find your local stockist. If you don't already know who your local stockist is, visit vado.com/stockists to find your local verified **VADO** independent retailer.

STEP 3

Visit your verified **VADO** independent retailer to discuss all of your bathroom design and installation requirements with a fully trained bathroom adviser.

STEP 4

Reinvigorate yourself and your senses in your beautiful, new bathing space.

EXPERIENCE OUR PRODUCTS IN FULL 3D.

STEP 1:

DOWNLOAD

VIV is available to download for free on the App Store and Google Play Store and works with all iOS and Android devices.

NEW

TABLET iO

IMMERSE YOURSELF IN SHOWERING LUXURY.

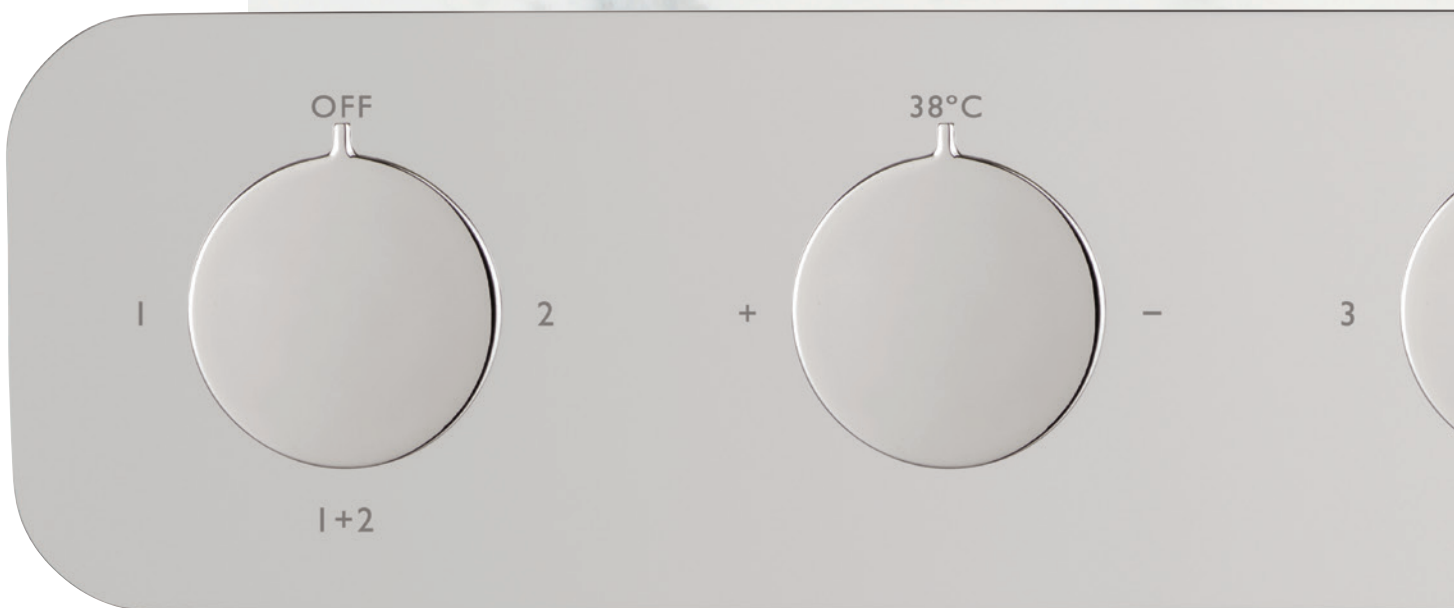

Tablet iO is the perfect choice for adding a style statement to your bathroom, uniting the best in British design engineering with a wealth of features.

With all the performance benefits of our popular Tablet valve collection, the new Tablet iO includes a sleek integrated shower kit to provide the ultimate showering experience the whole family can enjoy.

Available in 3 outlet or 2 outlet options, with a choice of round or square trim.

This collection is not just sleek, it is practical too with a compact design and exceptional functionality, as standard:

- Luxurious soft-turn handles
- Exceptional safety from temperature fluctuations
- Excellent flow rates, even at low pressure
- 'All-Flow' function
- Bath fill with a combi boiler at 1.0 bar

Actual size

The horizontal format of the new Tablet iO lends itself effortlessly for installing over a bath yet looks equally alluring in any showering space.

We have created a selection of packages that celebrate the versatility of Tablet iO for both use as a luxurious shower over bath scenario or an invigorating shower essential.

The horizontal format lends itself effortlessly for installing over a bath yet looks equally alluring in any showering space.

All other VADO products have a 3 year guarantee (2 years parts and labour plus 1 year parts only) [SEE NOTE 2].

VADO electric showers have a 2 years parts and labour guarantee.

GUARANTEE CONDITIONS

Our products are guaranteed against manufacturing defects from the date of purchase until the expiry of the relevant guarantee period shown above.

- The guarantee is only valid if:
1. The product has been installed, used and maintained (maintenance guidelines can be viewed here) in accordance with VADO's instructions and subjected to normal use only.
 2. The defect is not due to use of an unsuitable or inadequate water or power supply.
 3. The defect is not due to accident, misuse, neglect or incorrect/inappropriate repair (other than by VADO or VADO authorised agents) or damage caused by foreign objects or substances.

4. The extended guarantee is only available if you have completed the Guarantee Registration Process. This can be done via the VADO website or via phone to our aftersales team. Registration must be completed within 6 months from date of purchase. Under the extended guarantee period VADO will, at its option, offer to supply any replacement product (or component part) assessed to be defective [SEE NOTE 3].

The guarantee (whether standard or extended) is non-transferable to any subsequent owner.

All claims under the guarantee should be notified in the first instance to our Aftersales department, contact details below, this must be done no later than the last day of the relevant guarantee period. All claims must be accompanied by proof of purchase (sales receipt or delivery note) from an official VADO dealer.

The guarantee does not extend to any consequential loss or damage.

After repair or replacement, the relevant guarantee period will be calculated from the original date of purchase.

VADO operates a policy of continuous product development and therefore reserves the right to change the product, packaging and documentation specifications without notice.

NOTES:

[1] Labour via our engineer network is only available in the UK. Attendance by a VADO engineer or sub-contract engineer will be under our standard terms and conditions.

[2] VADO spare parts and shower hoses are under a parts only guarantee.

[3] VADO reserves the right to charge in advance for a product (or replacement part) pending collection and investigation (at VADO expense) to confirm a defect is due to a manufacturing issue. If a defect is found the charge will be refunded or cancelled. This guarantee is in addition to and does not affect your statutory rights as a consumer.
