

NoCode

Ceramics & Furniture

WELCOME

The bathroom is no longer just a place for the everyday ritual of washing. Your bathroom is where you unwind and give yourself much needed 'me time' so why not do it in style?

Our ceramic collections are designed and made in Italy and selected by NoCode for their high quality. Basins and WCs are available in a wide range of sizes and installation options so that you have bathroom design flexibility, regardless of the available space.

Basins can be installed alone or with furniture for added practicality. Drawer and door units for basins are ideal for keeping bathroom essentials close by and neatly stored away. Additional storage can be gained by adding a matching wall cabinet to your bathroom setting. Furniture and mirrored cabinets are available in various colour finishes so that you can choose products that work best with your bathroom colour scheme. Add a NoCode towel warmer from our collection for your finishing touch!

WCs are available in styles that work in harmony with the basins. You can choose a WC in a matching style or complement your basin with a WC from another range for a different look. WCs are designed to look good and save water (see p.6 for information). Look out for the NoCode NORIM WCs which have a rimless design for improved hygiene (see p.7 for more information).

Exciting new products launched this

year include the Loom sanitary ware collection with a distinctive ribbed design (p.19), the Touch (p.68) and Skip (p.102) WC collections for a soft square look and the Tulip furniture range for vanity basins (p.31).

The Tulip, Canale, Profilo, Curvo and Corto furniture ranges are now all available in a wide range of additional colour finishes for more design freedom and customised looks (see p.188 for colour options).

Complete your NoCode bathroom with stunning taps, showers and LED mirrors and mirrored cabinets, all designed and made in Italy for superior design and quality. Request a brassware and mirror price brochure from your NoCode retailer to see the full range of NoCode products. Design your sanctuary with high quality, design led products from NoCode to make a fresh style statement!

The NoCode Team

NoCode is proud of its curated ceramic products, selected for their sophisticated Italian design and high quality Italian manufacturing

NOCODE Ceramics

CERAMICS with sass

NoCode ceramic collections are designed and made in Italy. Sanitary ware products have been selected for their high quality and sophisticated designs.

Basins and WCs are available in various sizes, designs and installations for flexibility. Install your basin as a stand-alone product or combine it with a drawer or door unit to gain storage for bathroom essentials. Match your basin to a similar style WC or choose across collections to suit your personal taste and bathroom styling.

This symbol highlights products designed and made in Italy for high quality and exceptional beauty.

THE Primo Class

Primo basins and Primo Dolce WCs have the added bonus of an integral high performance glaze, fired into the ceramic at no extra cost.

The glaze treatment ensures:

- a brighter appearance
- smoother ceramic surfaces which are easier to clean
- an improved resistance to limescale and chemicals

Primo Dolce WC seats benefit from the 'quick release' system for easy removal. This makes areas of the WCs more accessible for cleaning, optimising hygiene.

Beautiful looks and intelligent design are combined for first class ceramics.

NOCODE furniture

STYLISH Furniture For Everyday Essentials

NoCode offers furniture focused solutions for a practical bathroom that doesn't compromise on stunning design.

Furniture collections:

Canale: 2 drawer units featuring a shadow gap handle and metal insert for a distinctive look.

Drawer units can be combined with Canale worktops for vanity basins. Canale drawer units are designed for Qubo furniture basins.

Profilo: 2 drawer units with a slim minimalist handle. Drawer units can be combined with worktops for vanity basins. Profilo drawer units are designed for Edge furniture basins. Drawer units can be combined with Profilo worktops for vanity basins.

Corto: 1 drawer unit with deep interior and slim minimalist handle. Corto drawer units are designed for Edge furniture basins.

Curvo: 2 drawer unit with a curved front for a softer look and slim handles. Curvo drawer units are designed for Curvo furniture basins. For even more space to place essentials, choose a Curvo offset basin with side ledge and a dedicated drawer unit.

Tulip: A range of countertop units with a shelf for storing bathroom essentials under the basin. The clean and contemporary look of these wood finish units is complemented by the brackets which are available in Matt White, Matt Black or Matt Grey. A matching drawer unit can be installed alongside the countertop unit for extra storage.

Canale, Profilo, Corto, Curvo and Tulip are available in contemporary dark and light wood finishes as well as Gloss White and Matt Grey. These furniture ranges are also available in a wider selection of special finishes, see page 188.

For a coordinated look, choose NoCode wall units and mirrored cabinets in matching finishes.

Dedicated furniture options are also available for the Cento, Primo, Flo, Aquatech and Retro ceramic collections.

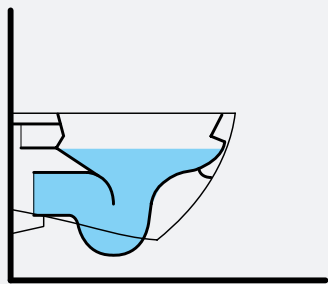

WATER Saving

NoCode WCs are available in a range of sizes, designs and installations to suit any bathroom setting. All WCs are designed and made in Italy for superior design and quality.

The flushing system in NoCode WCs is available with either a partially full cistern of 3 litres of water or a fully filled cistern of 4.5 litres. You can therefore reduce your water consumption considerably by choosing a NoCode WC.

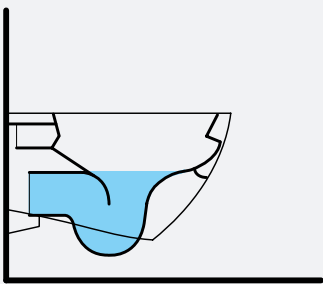

The combined use of the WC and cistern complies with the requirements for class 2 WC pans based on European standard n° EN 997. This means that NoCode WCs are efficient and do not consume more than 6 litres per flush unlike WCs in the class 1 category.

STANDARD

9 LT

WATER Saving

3 - 4,5 LT

NORIM

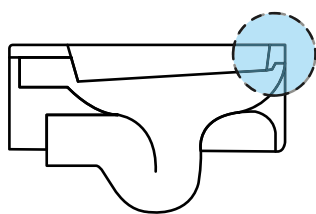

NoCode NORIM WCs have a rimless design for more effective cleaning.

The absence of the rim combined with the flushing system, enables water to be distributed more evenly across the surfaces within the pan for a cleaner result.

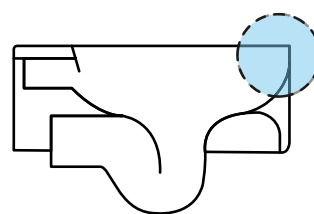

With less hidden parts within the WC, general cleaning of the WC is also easier, leading to improved hygiene.

STANDARD Rim

NORIM

FLO

The timeless design of Flo is both subtle and understated. The gentle curves and perfect oval interiors define the washbasins and the profiles of the WC and bidet. The Flo collection includes many basin sizes including basins suitable for cloakrooms and larger basins with ledges for more spacious settings. WCs also come in various sizes, ranging from those with shorter projections to larger sizes, including the stylish Flo close-coupled WC. Teamed with the Flo Slimline seat, Flo WCs have a more minimalist appearance.

CORTO

Corto short projection furniture is combined with Edge basins for a strong angular identity. The units feature a deep single drawer and slim handle. Corto units are effortlessly understated with a 365mm short projection, making them the perfect choice for cloakrooms and small bathroom spaces.

CENTO

Offering the hallmarks of fine design, Cento's smooth rectangular outlines combine with flowing internal contours to create a soft sculptured look. This beauty is complemented by the flexibility of the range. Available in a multitude of installation options including a highly distinctive chrome wall hung unit. With a wide range of basin sizes and shapes, the collection adapts easily to suit different bathroom settings.

PRIMO

Primo is the perfect expression of contemporary minimalism. The collection is distinguished by its simple, clean lines which will harmonise with whatever bathroom style you choose. The collection includes a range of practical cloakroom basins and WCs with shorter projections to fit in limited spaces, as well as more luxurious sizes to ensure a look that is both stylish and eminently practical.

AQUATECH

Aquatech makes a statement with its unique design. The soft sculpted form of Aquatech gives this collection a fresh look that is equally at home in a modern or traditional setting. The monolith and freestanding basins from Aquatech can be used to create an interesting focal point in the bathroom, while the basin for drawer units offers a simpler design.

All WCs feature the signature Aquatech look.

RETRO

With its traditional shapes and detailing recreating all the charm of “La Belle Epoque”, Retro is the perfect choice for classic bathroom settings.

A wide range of basin sizes are available, including cloakroom and corner options. The variety of installation options give this collection an added adaptability, with basins to suit different configurations including wall hung, inset, drawer / door unit, pedestal, ceramic legs, aluminium legs or a chrome basin stand installation. Retro also has various WC options. In addition to the quintessential close-coupled, high-level and low-level cistern WCs, a wall hung version is available.

TERMS & Guarantees

The products in this NoCode brochure are chosen for their stylish design and high quality. Products can be bought with confidence, guaranteed free from defective manufacturing

If you have a problem with any of the NoCode products in this brochure, please see the approved retailer you purchased the products from for assistance. Your NoCode retailer will be happy to assist you and will work with NoCode to resolve your issue.

Where there is no straight forward resolution, the guarantees opposite apply so that you can have peace of mind.

NoCode products are only covered by these guarantees when purchased from an approved NoCode retailer, they are installed for private domestic purposes in the UK and they have not been modified in any way.

It is important that NoCode products are maintained in accordance with any special instructions provided and are otherwise cleaned carefully with suitable cleaning products. The guarantees cover products in normal domestic use and do not cover damage, neglect, misuse or inappropriate cleaning.

Please note that guarantees are offered to the original purchaser. The guarantee is in addition to and does not affect your statutory rights.

To allow the continual development of the ranges, NoCode reserves the right to change the colour, designs and specifications of the products in this brochure without notice.

Ceramic Collections

Ceramic collections have a

15 year guarantee

when purchased from an approved NoCode retailer. This guarantee runs from the date of purchase.

WC Seats & Cistern Fittings

NoCode seats and cistern fittings have a

1 year guarantee

Furniture

NoCode furniture has a

5 year guarantee

SYMBOL Glossary

Water saving

Water Saving
