Your vision
is in our hands

For more than 25 years, Vanity Hall has been tailor making bespoke bathroom furniture from the Heart of England. From the traditional to the contemporary, every uniquely personal piece is handcrafted to the highest standard.

The beauty of bespoke

In an increasingly off-the-shelf world, Vanity Hall has always been proud to be the exception to the rule. From our humble beginnings in 1992 operating out of a garage, we've continued to push for handcrafted excellence at every turn. No corners cut, no shortcuts taken, no minutes counted. Over the years we've grown in reputation and workshop space alike, forever adding to our team of highly skilled local craftspeople, some of who have been with the business since the very beginning.

Over 25 years later and that original entrepreneurial spirit and unwavering commitment to traditional English cabinet making and joinery remains evident in every bespoke piece in the Vanity Hall Collection.

Each product in the range combines handcrafted excellence with distinctive styling, all of which can be tailored to your every need. Pick from over 50 doors with matching carcasses, before choosing a bespoke painted finish that perfectly captures your personality.

Born in Britain

For over 25 years our bespoke bathroom furniture has been lovingly handcrafted in the Heart of England. It's a process that takes great patience, passion and an ingrained understanding of timber and veneer. All coupled with a deep respect for traditional design-led carpentry. It's why we champion British craftsmanship at every opportunity.

Dedicated to quality

We believe in made to measure, not mass production. In following instincts, not the latest trends. It's the reason every Vanity Hall product is manufactured to order to create something both truly exceptional and wholly unique. Bespoke unit sizes ensure every bathroom is personal, while our colour matching paint service enables us to replicate any paint on the market. The choice, as ever, is entirely yours.

Excellence without exception

We believe in the beauty of effortless, which is why all Vanity Hall units are fully assembled to make installation a breeze. For ease of operation, Blum® soft-close door hinges and intivo glass-sided drawer boxes are fitted on all our furniture, both of which come with a lifetime guarantee. We're also proud to be a partner of DuPont™ Corian®, who manufacture beautiful bathroom worktops.

IN-FRAME COLLECTION

While many Vanity Hall products reflect modern living and style, our appreciation for classic design burns strong. The pieces in our In-Frame Collection embody time-honoured rules of classic design such as creating a focal point and using symmetry to create a real sense of balance. Of course, quality materials are equally vital, which is why we insist on handpicking all of our own.

Solid timber frame and door panels with real wood veneer panels.

Due to the photographic and printing process required some images shown within this brochure may not be an exact representation of the finished product. Any products will only match a finished sample provided.

All wood finish products in the Vanity Hall Collection are manufactured from real wood, and will vary in shade and detail from piece to piece. We will always endeavour to match the finish to samples provided, however it is not a manufacturing fault or defect if pieces are not an exact replica to samples.

Painted finishes may have small variation in shade when adding or replacing an item to an original order. We strongly recommended providing a sample that we are happy to colour match to in this instance.

Vanity Hall products are only permitted to be sold by authorised retail showroom partners. We reserve the right to remove access and close the account of any company attempting to sell Vanity Hall products via e-commerce.
