Aspen

The stunning simplicity of the Aspen Shaker-style door is accentuated by its narrow frame for a decidedly modern look. This door is accompanied by a host of accessories to expand your design options to create a kitchen that meets all your expectations.

2

- 1 Walk in Pantry featuring base units and open shelves painted Dust Grey.
- 2 Dresser displaying Georgian frames with horizontal bars and acute angled cornice. Also shows beautiful end panels on the wall and base, created with pilasters and feature plinth.
- 3 A welcoming entrance with cloak and boot room featuring seating and storage.
- 4 Aspen kitchen painted Deep Purple and Dust Grey. Worktops are Dekton Valterra Ultra Compact (island) and Dekton XGloss Tundra Ultra Compact (base units and dresser). Also shows beautiful end panels on the wall and base, created with pilasters and feature plinth.

Handles: UH195 and UH198 (see page 155)

3

4

5

5

6

- 5 Aspen kitchen painted Pearl and Graphite. Worktop is Dekton Entzo Ultra Compact. Also shows use of universal pilaster to create a 'framed' look and plain glazed frames on worktop dressers and larder unit.
- 6 Use T&G panelling to great effect by extending it to areas adjoining your kitchen. Shown here is an entrance way featuring bench seating and T&G panels.
- 7 Island with solid oak inset chopping boards.

Handle: FH838 (see page 160)

6

8

9

10

- 8 Aspen painted Cardamom and Thunder Grey. Worktop is Silestone Soapstone Quartz Eternal Charcoal on the island and Silestone Quartz Eternal Serena on the back run. Also shows suspended island supported by chunky posts.
- 9 Feature end panels provide finishing touches to wall and base units. Also shows glazed plain frames.
- 10 Bring your kitchen colour scheme to other parts of your home such as the utility area for an integrated look.

Handles: UH206 (see page 160)

- 11 Island displays double door, end panel framed with under plinth and chunky pilasters.
- 12 Aspen kitchen painted Amethyst and Stone Grey. Worktop is Dekton Kelya Ultra Compact.

Handles: UH197 and UH200 (see page 150)

12

Dekton

Dekton Kelya by Cosentino, the luxurious beauty and texture of sintered stone, now available as a door. Shown here with the Lamezia profile handle and mixed with Lesini Halifax oak wood effect handleless, the raw elegance of wood is undeniable.

The Halifax oak also serves to enhance the dark brown tones found in the Dekton Kelya.

Dekton Lamezia Kelya and Lesini Halifax Oak handleless, finished with Kelya matching worktops.

- 1 Dekton Island with De Dietrich induction hob and Halifax Oak matching breakfast bar.

Dragor

Combining Modern and Classic, Dragor is a skinny shaker with a matte finish. Designed here in Graphite it adds an edgy feel to a classic design.

3

4

- 1 Graphite doors with a Graphite lit glass wall units unit adds sophistication and elegance.
- 2 Oak details, black handles and gold accents add a very modern feel.
- 3 Just what every home needs, an area for mixing your favourite cocktail.
- 4 Display areas are an excellent way of keeping storage area without having disjointed worktops.

Etne

A timeless classic, Etne offers style in abundance. Its subtle line detailing on the outer front of the door creates the illusion of a true in-frame kitchen. Etne superior smooth matte painted finish and wealth of accessories combines luxury and practicality to create a kitchen that's perfect for everyday living and entertaining.

- 1 This cleverly integrated home office in Light Grey blends harmoniously with the adjoining kitchen space and offers a wealth of storage alongside beautiful beaded panelling to create a practical yet pleasant workstation.
- 2 Create a focal point of interest with antique foxed glass recessed into backsplash above range cooker. Opt for wide drawer fronts underneath double appliances for a more contemporary, linear look.
- 3 Adjoining boot room area in statement Slate Blue featuring a combination of triple panel doors and top box doors for extra height. Beaded panelling creates a traditional, stylish space for hanging coats and is complemented by solid Oak bench seating.
- 4 Etne painted Light Grey and Slate Blue, a sophisticated colour palette which creates a bright and spacious timeless appeal. Worktop is Dekton Natural Collection Rem. This classic style is enhanced with cornice, under cornice & moulded plinth detailing. Doors featured on the sides of the Slate Blue island create a luxurious framed look.

6

- 5 Etne in painted Dust Grey. Worktop, backsplash and open shelving is Dekton Entzo. The mix of stylish metallic accessories and brass open shelving creates an elegant, luxurious space with a contemporary edge.
- 6 This classic C-shaped kitchen design features an elaborate canopy with arched legs. Practical LED task lighting is cleverly incorporated beneath the wall units, which feature doors with integrated pelmets for that classic in-frame look.

Fabor

Traditionally known for its classic style, the Fabor door with its internal bead exposes its lively side with the addition of a vibrant colour mix. Adorned with key features such as an ornate overmantle and oak open shelving this kitchen maintains its time-honoured appeal whilst boasting eclectic charm.

3

- 1 Fabor kitchen painted Cashmere and Smoke Grey. Worktop is Caesarstone Quartz Moorland Fog on base units and solid oak on island. Island features double door end panel and under plinth.
- 2 Spice drawer and solid oak inset tray combination.
- 3 Frame with integrated solid oak tray set sits alongside chunky pilaster.
- 4 Dresser with oak open shelving flanked by door/drawer combination. Also shows application of pilasters throughout the design for an overall freestanding look.
- 5 Mantle shelf supported by ornate corbels.

Handles: UH192 and UH194 (see page 155)

4

5

6

7

- 6 Fabor kitchen painted Starflower Blue and Ocean Blue. Worktop is solid oak. Also shows island with overhang adorned with decorative brackets and worktop dresser with glazed frames.
- 7 Traditional beaded panels grace either end of the island. Also shows solid oak inset tray.

Handles: UH171 (see page 150) and UH169 (see page 155)

8 Fabor kitchen painted Dusty Pink and Smoke Grey. Worktops are solid oak (island) and Silestone Quartz Kensho (back run). Also shows island/pastry bench and solid oak inset tray and spice drawer.

Handles: UH169 and UH175 (see page 155)

Gondola

Offering a huge number of options when it comes to colour, the Gondola kitchen, featuring a Shaker-style door with smooth painted finish, it's ideal for those who like to experiment! Includes some feature components such as curved doors, a plate rack or classic overmantle providing options to create a traditional or contemporary style kitchen.

- 1 Gondola kitchen painted Graphite. Worktops are Neolith Classtone Calacatta CO1R. Features include Light Oak open shelving and a multi-functional island, perfect for entertaining and casual dining.
- 2 Replacing the standard glazing with ribbed glass adds to the industrial look and feel.

Handle: FH837 (see page 151)

2

3

4

- 3 Gondola kitchen painted Green Tea & Thunder Grey. Worktops are Silestone Quartz Brooklyn (back base units) and Quartz Rugged Concrete (island and dresser). Also shows open wall unit with keystone pelmet, extensive dresser unit with feature oak shelving and island with double door end panel.
- 4 Simple overmantle design ideal for displaying treasured items.

Handle: UH165 (see page 156)

- 5 Gondola kitchen painted Faroe Stone & Neptune Blue.
Worktop is Silestone Quartz Eternal Statuario. Also shows
open shelving unit in Parched Oak and mantle shelf.

Handle: UH225 (see page 158)

Halden

The Halden kitchen with its integrated handle detail creates a contemporary living space.

- 1 Open plans spaces designed with integrated seating and open unit made to the shape of the ceiling slope combine create a striking space.
- 2 With a little imagination work areas can be created that are as stylish as they are practical.
- 3 Using dark tones and clever lighting together to make an elegant drinks area. Gin O'clock anyone.

3

Jenson

The ornately constructed Jenson door with its moulded, raised centre panel brings your rural space to a different level. Available in oak or any painted finish with a large selection of specially appointed accessories, the number of design possibilities are endless with this classically elegant kitchen.

1 Jenson in Light Oak and painted Slate Blue combines lots of rich tones and textures creating a feeling of cosiness and homeliness. Worktops are Dekton Milar.

Handles: UH214 and UH218 (see page 158)

2

3

4

- 2 Jenson kitchen painted Cardamom & Mountain Sorrel. Worktop is Honed Marble.
- 3 Pastry bench with solid oak worktop and slatted shelf.
- 4 Worktop dresser featuring Edwardian carved frames.

Handle: UH169 (see page 155)

5 Jenson kitchen painted Amethyst & Brilliant White. Worktop is Silestone Quartz Eternal Calacatta Gold. Shows interesting island design with curved doors encompassing a wine cooler.

Handle: UH86 (see page 151)

5

Kalmar

A simple shaker design with an ultra-modern twist, Kalmar takes flair and panache to the next level through a bold colour choice, industrial styling and a rich brass handleless trim. The stunning room architecture creates a seamless transition from the indoors to the outdoors and naturally accentuates the Bonsai paint colour.

- 1 Kalmar painted Bonsai. Worktops are Dekton Natural Collection Rem and solid Oak. Also features Handleless rail system in a contrasting rich metallic brass finish.
- 2 Kalmar has the accessories required to create a streamlined look with uninterrupted lines link on this multi-functional island unit.
- 3 A fusion of natural solid Oak combined with exposed brick and industrial styling creates a stunning contrast of materials.
- 4 Floor to ceiling tall housing with integrated oven tower and framed with matching panels.
- 5 Functional, spacious and practical with a modern industrial design. Kalmar's flexibility means it can bridge a classic, modern or contemporary space.

6

The traditional face of Kalmar the simple beauty of the traditional shaker design, a slim frame with a smooth painted finish creates something truly impeccable. A contrasting palette of muted and rich tones works harmoniously with design elements such as double panel doors, plain dresser frames, an overmantle shelf and beaded panelling to create a truly majestic kitchen space.

7

8

- 6 Kalmar painted Heritage Green and Porcelain. Worktop is Dekton Stonika Xgloss Collection and backsplash is Rough Old Glass Vintage. A beautiful yet functional integrated pantry unit features double panel doors. Add a touch of luxury with a canopy to house a recessed extractor fan and incorporate an overmantle shelf to achieve a high-end look.
- 7 Be inspired by this large multi-functional island unit which features space for seating, an integrated wine cooler and bespoke ice bucket recessed into the worktop, providing the perfect space for entertaining.
- 8 Home office beyond the kitchen featuring symmetrically paired tall cabinets with top box cabinets in Heritage Green for extra height and storage. Plain glazed frames and beaded panelling add character to create the perfect work environment.

9

10

11

9 Country kitchen using pastel tones give a light airy feel. Shown here in Dusty Pink and Light Grey

10 Drawers, open units and feature panels creates an appealing sideboard for displaying Objet d'art

11 Feature end panels and under plinth work together to create a chunky framed effect most associated with farmhouse kitchens. Silestone White Arabesque worktop and Brass cup handles finish the design with a classic feel.

12 Why should the boot room be overlooked and unloved. Larder units for storage and a low seating area make an elegant area for pulling on your boots.

13

14

13 Ocean Blue and Light Grey give a classy moody feel to this kitchen, with tongue and groove panelling and pastry table adds back the classic feel.

14 Feature mantle painted to match the door placed around the range.

15

15 What Classical kitchen is complete without a dresser unit or in this case four. The only problem is something as equally striking to go in them.

43

Kolton

The innovative Kolton design with sloped internal profile and prominent v-grooves offers a contemporary twist on the original Shaker-style. Available in numerous colours, the visible grain on this versatile door provides a look of true authenticity.

1 Kolton kitchen painted Cashmere. Worktop is Bardiglio Nuvolato Marble. Also shows island with open shelving and back run incorporating tall plain glazed frames.

Handles: UH157 and UH160 (see page 158)

2

2 Kolton kitchen painted Indigo Blue & Light Grey. Worktop is Blanco Carrara Marble. Also shows window bench seating, slim mantle shelf design and modern square cornice.

Handle: UH180 (see page 155)

Laguna

The warm tones of the Laguna Cashmere Grey combined with Lesini Santa Fe Oak give a modern but warm appearance.

Sensa Black Beauty granite finishes off the kitchen to produce a striking yet inviting design.

Laguna Handleless Cashmere Grey and Lesini Santa Fe oak

- 1 Sensa Black Beauty granite compliments the grey wood tones of Santa Fe Oak
- 2 Open units with integrated lights add subtle details to this design
- 3 Linear lighting can be incorporated to any of our units, seen here recessed into our wall units. For more info see page 127

Lesini

Lesini wood effects and natural elements used in combination to create a modern stylish design.

The anthracite handleless trims, matching worktops and floating box end panels gives this design a modern but tactile feel.

Lesini Anthracite Metal Rock and Black Glazed Halifax Oak Handleless.

- 1 The floating end panels and linear lines add a contemporary look to this kitchen.

Lesini & Lovel

Dark, Moody and Classy. Lesini Lincoln Walnut with Lovel Ultra Matte Black provides all that and more. Finished With Dekton Kreta worktops for an industrial look.

- 1 Practical and simple islands give masses of prep space even in a small compact area
- 2 Open units give a floating effect without compromising on storage space and help to break up straight runs.
- 3 Lesini is available with full height doors so hiding large areas becomes simple.
- 4 Working remotely has now become the norm. Hiding a working office that can be closed away when not in use behind bifolding doors is the perfect solution.

Lovel

Lovel concrete gives your kitchen an industrial look. The Lamezia handle adds to the slab box effect that suits this door best.

Adding matching worktops and open units in Laguna Dust Grey completes this design.

Lovel Dark & Light Chicago concrete Lamezia door, finished with matching worktops.

- 1 Open wall units can be used to make a series of worktop boxes, fabulous open storage that compliments modern living.
- 2 Floating units and integrated handles work seamlessly to give a boxy Uber modern feel.

Lovel slab doors with an Ultra Matte finish are smooth to the touch and the marble effect of the White Levanto is enhanced by anthracite handleless details.

Finished with Dekton Trilium 60mm worktops with anti-fingerprint properties this kitchen is thoroughly modern in every detail.

Level White Levanto Marble handleless with Dekton Kelya worktops

- 3 Anodized black aluminium glass door with internal cabinet lighting add theatricality to the kitchen.

Lucid

Lucid Graphite Grey high gloss and Laguna Ceramic Red matte combine to make this interesting and slightly quirky kitchen design.

Adding Silestone Blanco Maple worktop gives the whole kitchen quite a lift.

- 1 Recessed floating De Dietrich ovens flanked by ceramic red panels make quite a statement of your cooking prowess.

Malbey

The layout of this Malbey kitchen is designed for modern living. The warmth of rich Light Oak and painted Sage Green evokes an inviting feeling and special designer features such as open shelving offer an abundance of storage space.

- 1 Malbey kitchen in Light Oak and painted Sage Green featuring a working overmantle and open shelves in Light Oak to complement the elegant island. Worktops are Silestone Et Calacatta Gold. Chunky pilasters, moulded skirting plinth and traditional cornice combine to add opulence to this classic kitchen.

Handles: UH221 and UH223 (see page 158)

- 2 Malbey kitchen painted Bosai and Ivory is used to create a modern twist to a traditional setting. Worktop is Dekton Kovik.
- 3 The T&G feature on the compact island with breakfast bar and open shelves in Light Oak is reflected on the wall run to enhance the simplistic styling of the Ivory units.
- 4 Window seats make a stunning and practical storage solution.

Handles: UH191 and UH198 (see page 155)

5 Malbey kitchen painted Cardamom, featuring traditional canopy and island painted Light Grey with open shelves and breakfast bar. Worktop is Silestone Quartz Lyra.

Handle: UH169 (see page 155)

5

Solaris Gloss

Custom designed to fit an unusual space, this U-shaped kitchen brings together a fusion of styles, colours and finishes. A fine example of apartment style living. The calming colour scheme based on Solaris' Gloss Cashmere door is enlivened by a splash of texture and colour with the inclusion of the Aspen-larder in Graphite

1 Solaris Gloss in Cashmere and Aspen painted Graphite. Worktop is Dekton Keon Ultra Compact.

Handle: UH205 (see page 155)

- 2 Detail showing open curved door with integrated J-handle exposing colour matched internal shelving.
- 3 Solaris Gloss Dust Grey and Porcelain. Worktop is Belgium Bluestone Limestone. Central island features plinth strip lighting for the ultimate designer look.

4

5

6

- 4 Solaris Gloss Ivory. Worktop is White Composite surface.
Also shows feature letterbox frames and floating larder unit.
- 5 Install LED strip lighting in strategic areas to showcase units and crockery.
- 6 External feature posts on the island allow for the continuous flow of the Solaris J-handle below the worktop.

Solaris Matte

The Solaris Matte door offers a streamlined seamless flow with its integrated J-handle design and when coupled with a subtle colour palette creates perfect kitchen harmony. The inclusion of feature accessories such as curved pilasters or letterbox frames provide an interesting focal point. Available in matte or high gloss finishes.

- 1 Solaris Matte painted Graphite is used here in a dramatic tone on tone room setting. Worktops are Dekton Vera. The linear simplicity of Solaris sits perfectly with the contrasting eclectic styling.

2 Solaris Matte painted Green Tea and Stone Grey. Worktop is Silver Grey composite surface. Also shows curved pilasters on the island and the main kitchen. Dark timber flooring creates a pleasing contrast.

2

3

- 3 Solaris Matte painted in Cappuccino RAL Colour Match.
Worktop is Boston Concrete. Traditional meets modern with ornately styled home decor sitting harmoniously alongside contemporary kitchen cabinetry.

4 Solaris Matte painted Bonsai and Tavola, stained Carbon Oak. Worktop is Tundra Grey Marble. The horizontal grain of the Tavola cabinets helps elongate the look of the kitchen and the island has been custom made to fit its unique shape.

Handle: UH248 (see page 160)

5 Solaris Matte painted Neptune Blue. Worktop is Black Noir Quartz. Replace wall units with floating shelves and recessed spotlights to create the ultimate contemporary mid-century look.

5

Tulusa

Tulusa in real wood veneer combines a trio of complementary finishes in this rectilinear kitchen design. Floor to ceiling units are cleverly used to maximise storage capacity and extensive open shelving creates a feeling of spaciousness and a place to display your cherished items. The inclusion of a compact central island provides a useful eating and food preparation area.

- 1 Tulusa painted Dusty Pink and Mussel & stained Weathered Silver oak. Worktops are Piatra Grey Quartz (island) and Fresh Concrete Quartz (back kitchen run and low level units).
- 2 Low level cabinets and floating open shelving create a focal point in the living area.

Varberg

With it's subtle detailing around the door, you would be mistaken for taking the Varberg for an In-Frame.

- 1 Soft pastels add a homely feel to any house. Varberg shown here in Starflower Blue. Adding top cabinets optimises storage for those seldom used items.
- 2 Kitchens don't have to be all about storage behind doors, open display areas well lit can serve to break up spaces.
- 3 The detail of natural wood, centre panel beading and outer frame line give the Varberg a timeless appeal.
- 4 Who needs an oven when you have an integrated wine chiller with glass storage above. Shown here in Porcelain

5

- 5 Multifunctional island incorporating end pastry benches on opposing ends, finished with solid Oak worktop and matching slatted shelf.
- 6 Accents of copper in handles and accessories creates luxe appeal and beautifully complements the rich herringbone flooring.
- 7 Seamlessly fit a home office zone into your open plan space and complement with furniture and accessories that blends with the rest of the room.

6

9

- 8 The earthy color palette coupled with the door's beaded centre panel and routed shaker design allows you to achieve a premium in-frame effect.
- 9 Stylish drinks dresser in rich Willow features glazed bi-fold frames and accompanying triple panel doors for additional storage.

Warwick

Often seen in a more traditional setting, Warwick is successfully used here to add a more eclectic look and feel to this contemporary open plan living space. The Accessories effectively contrast with the rich, on trend Bonsai and Sage Green colour. Open shelving features heavily to add practical and decorative storage and gives this modern living space a sense of warmth and homeliness.

- 1 Warwick kitchen painted Bonsai and Sage Green creates a dramatic element to this modern rural home. Worktops are Caesarstone Supernatural 5143 White Attica.
- 2 The multilevel island is designed to effectively divide and reflect the open plan architecture and create functional spaces.

Handle: UH205 (see page 155)

2

3

4

- 3 Warwick kitchen painted Brilliant White and Mountain Sorrel. Worktop on back run is Silestone Quartz Blanco Maple and solid oak on island. Also shows simple overmantle design and island with feature door end panel.
- 4 Dresser with double glazed feature doors and oak open shelving.

Handles: UH169 and UH172 (see page 155)

5 Warwick kitchen in Light Oak and painted Neptune Blue. Curved doors complete both ends of the base units and tie in with the curved overmantle which is flanked by glazed frames. Extended plate rack provides plenty of storage.

Zori Gloss

The combined features of the Zori Gloss and Tulusa doors effortlessly bring beauty and functionality together. A sense of balance is achieved with contrasting colours and finishes and an open plan room design allows for plenty of free movement around the kitchen.

- 1 Zori Gloss in Dust Grey and Tulusa stained Parched Oak. Worktop is custom made concrete. Crisp white cabinets and cool concrete are offset beautifully by the warmth of natural timber.
- 2 Handleless aluminium rail system dispenses the need for handles. Can also be painted in any of our Paint to Order colours.

3

4

5

- 3 Zori Gloss in Dust Grey surrounds the wine cooler for a subtle addition of a third colour.
- 4 Floor to ceiling cabinetry provides ample storage space.
- 5 Zori Gloss in Cashmere and Tulusa stained Carbon. Worktop is Silestone Quartz Marengo. Handleless rail system painted Dust Grey is used for a clutter-free look.

6 Zori Gloss in Graphite & Light Grey. Worktops are Silestone Quartz Lyra (back run) and Silestone Quartz Negro Anubis (island). Also shows handleless rail system with aluminium finish and designer breakfast bar.

6

- 7 Zori Gloss in Porcelain. Worktop is Silestone Quartz Snowy Ibiza.
- 8 Introducing a fusion of textures such as timber and brick to your gloss kitchen adds creative variation to your overall design.
- 9 Create perfect symmetry with the positioning of your kitchen cabinets.

Handle: UH147 (see page 156)

10 Bespoke designer storage and display unit.
11 Zori Gloss in Dust Grey & Gloss Brilliant White.
Worktops are White Marble and Solid Oak.
Also shows dual level island creating ample seating space.

10

11

Zori Matte

Push the limits of your imagination with the combined appeal of Zori Matte. Shown here displaying a mesmerising colour mix of smooth brass and striking graphite which compliments perfectly with the exposed brick walls and watercolour teal elements.

- 1 Zori Matte painted Graphite and Watercolour Teal. Worktop is Silestone Quartz Carbone.
- 2 Handleless rail system painted Graphite provides a clean, streamlined look.
- 3 L-shaped island with dark timber breakfast bar.

3

6

- 4 Zori Matte painted Deep Plum, Faroe Stone and Rezana stained Light Oak. Worktop is Silestone Quartz Iconic Black. Also shows a bespoke manufactured sideboard in Rezana real wood veneer stained Light Oak.
- 5 Open L-shaped shelving helps to break the solidity of a continuous run of wall units.
- 6 Bespoke bookcase design using Rezana stained Light Oak.

Handle: UH201 (see page 150)

- 7 Zori Matte painted Slate Blue & Storm Blue. Worktop is Titanium composite surface. Achieve a framed look for this slab door by including a moulding surround.
- 8 Maximise the use of awkward spaces such as the alcove shown below by introducing open shelving which creates easy access to crockery or food items.
- 9 LED strip lighting above and below wall units can add further drama to your kitchen design.

Handle: UH201 (see page 150)

Zori Soft-Matte

The adaptability of Zori's Soft-Matte slab design allows for a range of possibilities when it comes to designing your statement kitchen. You can achieve a sleek and spacious looking kitchen through a select choice of durable, super soft-touch colours and a clever design layout.

- 1 Zori Soft-Matte Indigo. Worktop is Silestone Quartz Niebla. Shows handleless rail system with Graphite Powder Coated finish.
- 2 An interesting door and drawer configuration adds an exciting element to this simple design.
- 3 Tall housing units and integrated wall appliances work perfectly to create more space in your kitchen.
- 4 Add the finishing touch to your trendy kitchen with a contemporary style handle such as the one shown here on the Zori Soft-Matte Graphite and Porcelain range.

Aalborg

Aalborg's minimalistic slab doors and clean lines combined painted woodgrain establishes a spacious and fulfilling kitchen.

Bergen

The epitome of true elegance, Bergen brings both style and substance to your home with its ornately detailed inframe design and numerous accessories. Featuring a superb quality painted finish with visible woodgrain you can combine any number of colours to achieve the look you desire.

- 1 Bergen kitchen painted Willow with grey slate effect worktop.
- 2 Base units housing integrated solid oak trays and chopping boards.
- 3 Solid oak spice drawer sets within island.

Handles: UH197 and UH200 (see page 150)

9

- 5 Island with curved doors and moulded skirting plinth.
Open wall display unit with curved doors.
- 6 Tall larder unit featuring top boxes, under cornice
and moulded cornice.
- 7 Curved base door with moulded skirting plinth.
- 8 Bergen kitchen painted Slate Blue and Taupe Grey.
Worktop is Calacatta Porcelain.
- 9 Island showing integrated solid oak trays
and chopping boards.

Handles: UH192 and UH194 (see page 155)

Cassiva

The unique moulded beading combined with an exquisite range of accessories constructs a kitchen with a distinctive design recognisable to Cassiva.

Granna

Concave and convex curves set Granna's minimalistic design apart with the ellipse shaped island establishing a modern centre piece adds a striking observable feature.

Mala

Mala's twin panel design and curvature features adds distinction to the kitchen united with a curved island generates a congenial kitchen for all preferences.

Porvah

The unique chamfered door style distinctive to Porvah constructs a timeless design which creates a kitchen to suit all desires.

Yarma

Yarma's traditional characteristics and scrupulous ageless design allows for a homely environment to suit any kitchen space.

Accessories

Add an extra dimension to your kitchen by including clever and convenient internal storage. These range from drawers, inserts, larger larders and lighting. You can completely transform the way your kitchen operates by creating organised areas to easily locate everything.

Cabinet & Door Care and Maintenance

With the appropriate care and maintenance our kitchen doors and components are designed to provide many years of reliable service. To help keep it in the best possible condition please follow the simple guidelines below.

INSTALLATION ADVICE

Pre Installation

Ensure that all new-builds or newly plastered rooms have been left to environmentally stabilise prior to the installation of new kitchen doors. Kitchen doors must not be installed into a damp, or moisture-rich environment as it will cause undesirable movement in the joints and panels of the door. A hygrometer should be used to assess conditions.

To help minimise any potential damage to the kitchen whilst you are installing it, please read and adhere to the following instructions and recommendations:

- We would advise that you make an initial check to confirm that you have the correct quantity and sizes of fascias; you can do this by referring to the labels attached to the outer packaging.
- The fascias should be stored flat and away from the working area. Take extreme care when stacking the fascias with hinges attached to ensure that the hinges do not mark other fascias. Do not lean the fascias against one another, or against any surface without proper protection in-between.
- Ensure that you fully inspect each individual fascia prior to attaching the hinges. Claims for damage to the fascia will not be accepted after the hinges have been attached.
- Take extreme care when unpacking the fascias and do not use sharp blades to cut away the packaging.
- When attaching the hinges, place the fascia face down on a soft clean surface, ensuring that there is no grit, sawdust or other matter underneath that could damage the surface of the fascia whilst the hinges are attached. It is good practice to place a sheet of clean cardboard between the fascia and the flat surface prior to attaching the hinges.
- If the hinges are 'knock-in' type, use a rubber mallet to knock the hinges into the fascia without using excessive force.
- Once the hinges have been attached to a door, hang the door on the unit straight away to avoid damage. Do not stack the doors with the hinges touching other doors, as this can cause scratches or marks to the other fascias.
- Do not stack the doors on their ends on any hard surface; this can cause chipping and scratching along the edge of the fascia, especially on the handle edge of ranges with an integral handle. Prior to fitting, the fascias should be stored flat, ensuring that they are not resting on any dirt or debris that may damage or mark the finish.
- You should take extreme care not to put the door down with excessive force on any edge, especially the handle edge, as this will cause crushing/impact damage on these edges.
- Take extreme care not to put the door down on any hard or rough surface such as bare concrete floors, or on any debris such as sawdust, grit or screws, as this can damage the product.
- If the fascias are attached to the carcass, then you should carefully remove the fascias by unclipping the hinges, and storing these flat in a clean safe environment away from your working area, utilising the packing materials from the units.
- Where cutting/scribing décor panels and trim, you must use a sharp quality saw blade of the appropriate grade for fine-cutting, or a suitable router. Small chips can appear along the cut-edge, and so extra care must be taken to minimise the risk of chipping. Using a blunt or inappropriate saw blade will produce a poor finish, and this will not be covered by the guarantee.
- On Painted Products: Any fine chips along the cut edge should be smoothed with a fine grade sand paper prior to fitting.
- All cut edges should be sealed against moisture ingress using a suitable water resistant sealant/adhesive prior to installation.
- All trims are supplied in long lengths and need to be cut down on site, and again it is important that this is done using the appropriate tools.
- When fitting the plinth, ensure that you check the dimensions of any adjacent appliances. On occasion, the plinth may need to be pulled forward to ensure that it clears the front of the appliance. This can be achieved by fitting blocks using off-cuts to the rear of the plinth prior to attaching the plinth clips, to step the plinth forward from its normal position.

General Care

As with all kitchen furniture the most common problems found occur as a result of excessive or prolonged exposure to heat and/or moisture. Always ensure that water is not left around sink areas as damage caused as a result is not covered by the guarantee.

Always wipe off excess moisture and be careful with extreme heat sources, such as kettles, ovens and toasters. It is recommended that these heat sources are not placed directly under wall units when they are in use; they generate a higher level of heat and moisture than is often appreciated and can quickly and easily lead to damage of the furniture.

Don't place appliances that create steam (e.g. steamer, coffee maker or kettle) underneath the cabinets so that the steam flows up against the underside of the cabinet and doors.

If using glass cleaner to clean your glass doors be careful not to damage the finish of the door and cabinet parts while cleaning. Do not spray glass cleaner directly on to the glass or cabinet parts as this may discolour the finish of your kitchen cabinets. Instead, spray a small amount of cleaner on to a lint free cloth or paper towel then wipe the glass.

Don't open the door of the dishwasher immediately after the programme has ended, as exposure to heat and the high humidity increases the risk that the door may absorb moisture and swell.

Please note that after a period of time it is quite normal for the colouring of kitchen units to mellow in colour. This is not a manufacturing fault and is as a result of exposure to light. This means that any additional parts subsequently ordered for your kitchen, or supplied as replacements may not be an exact colour match. However any additional parts supplied will also mellow over time to blend with your existing units.

The colour of doors and drawer fronts may appear mismatched in colour. This apparent mismatch is sometimes the effect of differing light conditions within your kitchen, (known as metamerism). To check your doors and fascia you should place them side by side in natural daylight for comparison.

Cleaning advice for all door types including timber, painted & foil

- Do not use wax-furniture polish, abrasive or aggressive cleaners, bleach or other hypochlorite (chlorine) based cleaners, multipurpose cleaners, dilutes, acetone, alcohol, solvent or similar products on the door, as this will damage the surface; additionally wax and polishes leave a residue build up that is difficult to remove.
- Only use a 5% soap, 95% water (liquid soap) solution, wiping with a damp (not wet) cloth, finally drying with a soft clean cloth.
- Ensure all cooking splashes are wiped immediately with a damp cloth; and dust with a soft cloth only.
- Never use any abrasive pads or abrasive cleaners on the furniture. Spills and condensation on the fascias/panels should be cleaned and dried immediately.

Timber & Veneered Doors

Cleaning: when cleaning timber doors you must follow the pattern of the grain. It is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth.

Moisture: excess moisture can damage a timber product - it is recommended that susceptible areas such as around the sink are thoroughly maintained and kept dry at all times.

Light: timber changes colour when exposed to light. Light, lacquered surfaces also have a certain tendency to "yellow with age" depending on the exposure to light. The species of timber and intensity of exposure will affect the rate of change. Due to this we recommend that timber samples be changed regularly.

It is advised that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Foil & High Gloss Finished Doors

Foil/Lacquer coated products are manufactured from the highest quality materials. Please be careful not to puncture the foil/melamine lacquered surface of your panels. These should be kept dry in order to prevent moisture ingress.

Your gloss doors will come with a protective film over the front. You should remove this only after they are installed as the curing process continues for around 72 hours after the film is removed. This means the doors will be liable to scratching and other marks. You should avoid cleaning the doors for at least a few days to prevent any marks appearing on the surface.

You should clean the doors with a soft damp cloth and a mild detergent. Never use any harsh or abrasive cleaners as this may damage the gloss surface of the door. Normal cleaning and polishing may leave minor scratches on the surface of the door, which is quite natural.

Moisture: Periodically clean the interior and exterior surfaces of the door using a soft, damp cloth. Wipe dry all surfaces after cleaning.

Use only cleaning agents that are intended for the materials used in your kitchen. Avoid any agents that contain ammonia, alcohol, bleach or an abrasive.

If the surface of the product is exposed to any oil based substance (for example olive oil, butter, margarine or cooking oil), the spillage must be wiped away immediately to prevent staining. Grease marks caused by these oil-based products can easily be removed by use of a mild detergent, non-abrasive cleaner if used immediately after spillage has happened.

Abrasive cleaners are not recommended for this type of product. Do not expose the doors or panels to a temperature in excess of 60°C (140°F).

Light: If the doors are supplied with a protective film on the face they must not be directly exposed to sunlight. Once installation is complete, carefully remove the protective film from the front of the fascia. We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Painted Doors

Cleaning: it is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth. Any form of furniture polish or other cleaning products should be avoided.

Light: painted finishes will change colour when exposed to light - the intensity of exposure will affect the rate of change. Any colour samples and door samples provided should be used as a guide only and due to certain variables, may not provide an exact match to the finished painted product.

We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.
